Welcome Back!

It is great to have our students back and to welcome many new families to Covington! We are an amazing school because of the support and partnership with our families and community. We have been hard at work getting to know their school family, reading, creating and learning the procedures we use in our building to help school run smoothly. We have been learning about the Lifeskills and Lifelong Guidelines and the expectations of our students and staff. It has been a great start and we appreciate the trust you have in our school. We are looking forward to the best year ever!

NEW Treat Policy

If you choose to bring a treat in for your child to share with their class, please be aware of the new policy for all SACS Elementary Schools: [Due to food allergies, snacks and party treats must be store bought and sealed to ensure the safety of all students.](#)

This refers to any food item that is brought into the school to be shared with others. Thanks for your understanding and support in keeping all of our students safe and healthy.

What is Canvas?

If you are new to SACS, Canvas is a website where students and parents can find assignments, links, and other academic information. To login, all students use their ID number (100....). If your child is in K-2, the password is their first and last initial (fg). Older students use their birthday in the format mm-dd-yy. Teachers add information about classwork, homework, and upcoming events. Ask your child's teacher for more information on how you can get connected through Canvas.

A quick link from our SACS website is under the "Students" tab.

SACS Community Meetings

Southwest Allen County Schools is conducting a series of community dialogues designed to seek community input as to what it would like to see for the next 20-30 years in SACS' facilities, maintenance and capital improvements/plans.

The public meetings will focus on two scenarios that identify a general scope of work needed within the SACS district, followed by discussions exploring possible approaches to financing.
