

## Covington Back-To-School Night & Open House

Before school begins, we invite all students and parents to attend our Back-To-School Night Open House on Monday, August 14. This is an opportunity to come into the school and meet our teachers before the first day. Students are encouraged to bring their school supplies and help them “move in”. The times for our open house are staggered for the various grades in order to help with the congestion of our parking lots. You are welcome to come and go as you wish during this time. If you would like to hear your child’s teacher present about how their classroom operates and their expectations for the year, please plan to attend the open house during that time. This is an option for parents wanting to hear from the teacher in this format.

Please note the times below:
